NATIONAL Republican Ticket.

FOR PRESIDENT,
BENJAMIN HARRISON
OF INDIANA.

FOR VICE-PRESIDENT
LEVI P. MORTON,
OF NEW YORK

PROTECTION SURE TO WIN.
Reviewing the Political Situation
in New York State.

New York, Oct. 28.—The National campaign has centered itself in New York State. It is here that both parties will put in their hardest work during the remaining week. The best of the private reports from the large cities indicate a stampede of Democratic workingmen in search of safety from reduction of wages. These accounts are coupled with assurances in plenty from the rural regions that the Republican farmers will remain solidly with their party. Thus there is only one thing to dread, and that is a fraudulent Democratic vote in the cities. This metropolis and Brooklyn are under a special election law, under which there can be no frauds of consequence without certain discovery and punishment. The first repeater discovered in the registry is already in Sing Sing prison for two years and a half. Therefore it is not in these twin cities that the Republican managers are fearful of fraud. The strongholds of Democratic dishonesty at the polls are Albany, Troy, Rochester, and Buffalo, where the general election law of the State is in force, and where extensive falsity of registration is commonly practiced to swell the Democratic majorities. To the State Republican Committee has been assigned the duty of circumventing these schemes, and by means of large rewards for the detection of fraudulent voters it is expected that a reformation will be achieved. With that assured there is no more doubt of Harrison's carrying the State than there is of his nomination.

The Democracy are torn all to pieces in this city. Whether or not their internal dissensions have a bearing on the National campaign, it is certain that they are humorous enough to laughably interest Republicans everywhere. Besides there is a gratifying probability that the upshot will be a Republican Mayor for the first time. Tammany might sweep things with its candidate, Grant, if it were not for Coogan. That enterprising gentleman offered to pay to Tammany an assessment of \$100,000 if the bosses of that organization would nominate him. He is not only ambitious politically, but he has made a fortune as a furniture dealer by judicious advertising, and he knew well enough that he would get value for value in publicity, whether elected or not. But the Tammany folks did not believe they could win with him, and so declined his proposition. That angered him, and he determined to be a candidate anyhow. The Labor party had not meant to go into the campaign, but when Coogan offered to become their standard-bearer, and pay all the expenses liberally, they put him into the field. At his headquarters is just about the liveliest work that is being done anywhere. He will not spend \$100,000 as he would have done if backed by Tammany, but he will probably disburse nearly or quite half that sum. It may be imagined that he is a man beset by political strikers, big and little, but all clamorous for his money. It is a funny sight to watch this besetment of Coogan by the "workers," but it is no joke to Tammany, for Coogan will get a considerable vote, and all of it will be a loss to Grant, and that is what makes it likely that the Republican, Erhardt, will be elected.

Cassidy manages to hold on to the Bank Examiner'ship. It is only Republicans who must not hold offices and participate in politics.

Nothing short of another \$10,000 check from Mr. Cleveland will restore Democratic harmony in New York.—Philadelphia Press.

Senator Sherman thinks General Harrison will carry New York and Connecticut.

Civil Service Reform—Bayard, Vilas and Dickinson all stumping for the ticket.

Warning to Democrats: There are yet four days for hedging.

Don't believe the campaign lies everybody tells.

VIRGINIA A DOUBTFUL STATE.

Things That Have Contributed to Increase Republican Chances.

WASHINGTON, D. C. Oct. 28.—Virginia Democrats in Washington are uneasy over the Presidential outlook in the Old Dominion. In 1884 the Democratic plurality was upward of 6,000. Two years later the Republicans elected all but three members of Congress, and carried the State by some 20,000. A year ago in the elections for members of the State Legislature the popular vote was about equally divided between the two parties. In the campaign for Governor three years ago Fitz Lee carried the State by some 16,000, but that was an enthusiastic campaign, the like of which had not been seen in Virginia in years. The issue was "the debt Virginia owes to the Lees," which is a rallying cry that insures a big Bourbon majority. But the debt which Virginia may owe to Grover Cleveland is of another sort, and some of the more enlightened Democrats freely admit that it is not worth the Electoral vote of the State.

Cleveland is personally unpopular in Virginia, and not without reason. Two years ago when he visited Richmond he snubbed many of the best citizens. This year he was again invited to make the trip. A delegation of Virginians headed by Senator Daniel came to Washington bearing a special invitation for the President. The day they arrived Mr. Cleveland was at Oakview. Col. Lamont was asked to telephone out and ask at what hour it would be agreeable for the delegation to visit him there. The answer received was that he was coming in to the White House and would see them there. The delegation waited an hour or more and were then told that Mr. Cleveland had just time to catch the train for Philadelphia, whether he was going to make a visit to Mr. Singery. The scions of the first families took the insult and went home without delivering the invitation. Being Democrats, they will vote the ticket, but they can't get up much enthusiasm.

Added to Cleveland's personal unpopularity, the Democrats in the State are on the defensive in the tariff fight. Their last State convention adopted a stiff protection platform, and they find it hard to uphold the Mills bill. Then most of the Congressional districts are demoralized, and the National ticket will be traded off for votes for Congressmen. Gen. Harrison's nomination was the best possible one that could have been made to strengthen the Republicans in the State. It left no factional scores. It was a ray of hope for many old line Whigs who have unwillingly staid in the ranks of the Democratic party. The protective issue is a taking one in Virginia.

Will Vote for Harrison This Year.

New York, October 28.—All last week the World had a small army of reporters interviewing all classes of people on their Presidential and other political preferences. Ferry-boats, street-cars, and the Stock Exchange were invaded. To-day a tabulated statement of the result was published. The persons interviewed and classified in this table are 3,598, who follow 88 different occupations. Those favoring Cleveland numbered 2,213, Harrison 1,340, and scattering 45. The most interesting finding made by the interviews with these 3,598 persons, however, was that 163 men who voted for Cleveland in 1884 declared they would vote for Harrison this year, while only 109 who voted for Blaine expected to vote for Cleveland. This seems to show that the drift is in favor of Harrison.

For Harrison and Harvard.

CAMBRIDGE, Mass., Oct. 26.—A canvass of Harvard University has been made under the auspices of the union. It resulted as follows: Total number of votes cast 1,171, of which 659 were for Harrison, 493 for Cleveland, and 18 for Fisk. Of the total 470 were voters, and they gave 255 for Harrison, 202 for Cleveland, 12 for Fisk, and 1 for Streeter. At the announcement of the result at the meeting of the union the Harvard yell was given good and strong for Harrison and Harvard. The result is a surprise to those who considered the late tariff reform meeting in Boston as indicative of the college pulse. A Republican club is being formed, of which W. C. Boyden, of the law school, is President, and great enthusiasm is manifested, the membership having reached 300.

Cleveland is against silver, lead, wool, borax, salt, sulphur, and everything else dear to Nevada. Our mail service has been crippled, our public buildings delayed, and a general desire manifested to sink the people into the ocean.

Vote against any Constitutional Convention. There is no need of spending \$30,000 or \$40,000 to revise the Constitution. Let it be done in the regular and proper way.

Jay Gould denies the purchase of the Santa Fe road. There are just two things Jay can not get—the Santa Fe road and Reno.

BOLD ROBBERY.

Three Masked Men Stop a Train and Secure \$40,000.

EL PASO, Nov. 1.—The boldest train robbery which ever occurred in the history of the Southwest took place yesterday morning a few miles north of San Jose, on the Mexican Central Railroad, eighty miles south of El Paso. Three masked men, heavily armed, stopped the train and secured \$40,000 in money. They then mounted the locomotive, cut loose from the train and traveled north. When within three miles of Paso del Norte they left the locomotive and reversed the engine. It ran twenty or thirty miles, when, at the beginning of a heavy grade the steam became exhausted and it stopped. The train robbers are, however, undoubtedly on American soil.

THE VOTE OF ILLINOIS.

Result of a Poll Taken in Seventy Counties by the Republicans.

CHICAGO, Oct. 31.—The Illinois Republican State Central Committee has just completed a poll over seventy counties in the State in anticipation of the coming election. The result shows the majority in those counties for Harrison and Morton to be at least 9,000 greater than that for Blaine and Logan four years ago. The committee's figures show that the Republicans will have at least 25,000 majority in the State outside of Cook county, and that if Cook county should do as well as expected, Illinois will give its electoral vote to Harrison and Morton by not less than 35,000.

CAPTAIN KIDD'S MONEY.

A Rhode Island Man Digs Up \$15,000 in Doubloons.

FALL RIVER, Mass., Nov. 1st.—James M. Eddy, of Horsesneck, Rhode Island, has unearthed \$15,000 in Spanish Doubloons in his back yard, and calculates that there are \$100,000 on his farm. His father was Lieutenant Governor of Rhode Island. One of his ancestors, who sailed with Captain Kidd, returned to his Horsesneck farm and sowed it with doubloons. Among his papers was a chart locating his buried wealth. The Lieutenant Governor did nothing with the plan, but James M. Eddy, into whose possession the papers came at the same time as the farm, thought it worth trying.

Had a Familiar Sound.

"Dan," said the President, meditatively, "let me see—what was the name of the Californian that wrote that decoy letter to Minister West?"
"Murchison."
"So it was, Dan; so it was Murchison—Murchison," mused the President. "There's a familiar sound about it. What does it remind you of, Dan?"
"It sounds a little like Breckard."
"So it does, Dan; so it does!"

"DANN SILVER."

Still Shouting the Battle Cry of Freedom.

John B. Morrison and J. G. Hetzler, of Port Royal, Pa., heretofore rock-ribbed Democrats, will this year vote the straight Republican ticket.

Dr. W. E. Lansing, of Gloversville, N. Y., hitherto an earnest third party man, says he will vote for the Republican candidates, both State and National.

The Rev. M. D. Jump, of Amsterdam, N. Y., a prominent prohibitionist, has jumped out of the sinking Democratic craft and is now floating serenely in Republican waters.

John E. Koch and S. E. Mayers, two of the most wealthy and influential men of Millersburg, O., heretofore Democrats, announce their intention to vote for Harrison and Morton.

Mr. E. Ludwick, of Rosemont, Pa., writes: "I have always been a Democrat, but I can't stand Mr. Cleveland. I want to cast my vote for the benefit of all workingmen, who need all the protection they can get."

D. C. Rebhun, of the firm of Dayton, Ball & Co., Albany, N. Y., the largest hat manufacturers in the country, has with his partner, Mr. Ball, gone over to Harrison and Morton on the tariff issue. Messrs. Ball and Rebhun are lifelong Democrats.

John Retman, of Danville, Pa., says: "I have always voted the Democratic ticket and have been a worker in their ranks, but heretofore I am done with that party. This Fall I shall vote for Harrison, Morton and Protection. My reasons are that I cannot indorse the Mills free trade bill."

Judge William P. Henderson, of Randolph, N. Y., recently put a large transparency in his office window which read: "Harrison, Morton and Protection."

Mr. Henderson is an ex-Supreme Court Judge and a life-long Democrat. He went to the convention which nominated Tilden at the head of the New York delegation.

ELECTION CLERKS!—Clerks of the Election Board at the various precincts of the country are requested to do the JOURNAL a favor on next Tuesday, which is this: As soon as the vote in your precinct is counted please take two tickets, one Democratic and one Republican, write in figures opposite the name of each candidate the number of votes he received, place the two tickets in an envelope and forward the same to the JOURNAL office at your earliest convenience, by mail, if no earlier opportunity presents itself. By complying with this request you will confer a favor on the public, as all will be anxious to get the returns as soon as possible. Please do not neglect it.

ADMISSION DAY.—The Silver State says: "Wednesday was the 23d anniversary of the admission of Nevada as a sovereign State of the Union. Twenty-four years ago, Governor Nye, who was then at Unionville, received a dispatch from Washington informing him that Nevada had been admitted. He read the news to the crowd, who responded with cheers for Nevada's first Governor." Of the many stalwart men present on that occasion only a few now reside in the county, the majority of them, including Governor Nye, having gone to that undiscovered country from whose bourne no traveler returns."

SHIPPING CATTLE TO FEED.—Thursday Colonel Hardin shipped 322 head of cattle from Winnemucca to Wads, worth, from which place they will be driven to Mason Valley to be fattened. The cattle are what stockmen call "feeders."

PARROT-TUELY.—The following is from the St. Helena Star:

At Napa city, October 24th, Tiburcio Parrott, of St. Helena, was united in marriage to Miss Theresa Telly, of Carson City, Nevada. The ceremony was performed in the Catholic church by the Rev. Father Becker. No cards were issued. The groom is one of our most wealthy and highly esteemed citizens, well and favorably known by all, both here and in San Francisco, where he also has extensive business interests. His friends are innumerable, all of whom join with one accord in extending well wishes and congratulations. The bride is one of Nevada's fairest daughters, she being a lady of unusual intellectual and social attainments. She is the youngest daughter of Hon. George Tully, Treasurer of Nevada, and one of the State's foremost citizens. The lady is universally esteemed for her noble and refined qualities, always having been a leader in social and charitable events while at her former home. The Star wishes to be placed upon the list of those extending congratulations, and wishes a long, prosperous and happy life to the happy couple.

The Perfection

Of the age in the medical line is the liquid fruit remedy, Syrup of Figs, manufactured only by the California Fig Syrup Company, San Francisco, California. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. Sold by Wm. Pinner, Reno.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may cost you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Bochee's German Syrup. It will give you immediate relief.

"Dickens Had One Trick."

Remark the professor, in a discussion of favorite authors, "which always struck me as an oddity. I mean his habit of pinning some distinctive word or phrase on a character, which must be uttered on all occasions. Now people in real life don't iterate like parrots. At least, I know of only one person who is liable to such criticism—young Bowden, my neighbor. The picture of health isn't he? Ruddy cheeks, sparkling eyes, ringing voice. Well his pet phrase, which I've heard him repeat to perhaps a score of people, suffering from coughs and weak lungs, is, 'Take Pierce's Golden Medical Discovery.' No wonder, either, for it saved him from a consumptive's grave."

Five hundred dollars reward offered by the proprietors of Dr. Sage's Catarrh Remedy for an incurable case.

ADVICE TO PARENTS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Eucalypti Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw f-1v
